## Partner Spotlight

Join us in welcoming our new partner, **Environmental Operations Inc. (EOI)** – your trusted partner in turnkey and specialized environmental services. They're here to help you minimize risks, meet time lines and, most importantly, maximize the return on property investment and projects. Their approach is simple... Providing solutions using the best approach possible: the property investor's perspective. At EOI, they know the importance of eliminating and limiting environmental risk. This assures their customers' interests are aligned with EOI's success in every project.

## MASHE 2021 is Canceled

**Based on the current COVID-19 situation in Southwest Missouri and after much deliberation**, we have decided to cancel MASHE 2021, due largely to the fact that MASHE is a safety and health conference.

Be on the lookout in the next couple weeks for our next steps. We'll be rolling out a robust event calendar for 2022, including **local, regional and statewide opportunities**.

Thank you for your continued involvement and support.

## Member Spotlight

Our member spotlight this week is Holloway America, who proudly provides pressure vessel fabrication services and builds custom pressure vessels, tanks, and equipment. Everything they fabricate—every pressure vessel, every tank, every component, every custom-engineered piece of equipment—is built with that simple **Holloway America Mission** in mind. It starts with impeccable design and finishes with an unsurpassed level of fabrication that brings the concept to life in a long-lasting, stainless steel masterpiece. Since 1949, they've researched, engineered, and reverse engineered

ASME tanks, CNC machining procedures, and the other products and services that help bring their customers success.

## MO Manufacturing News & Updates

### Need a Pallet Dispenser?

Our member **Yarbrough Industries** created a pallet dispenser called the Pal-O-Matic. The Pal-O-Matic pallet dispenser from Yarbrough Industries is a sound capital investment for your business. A pallet dispenser adds convenience, efficiency, and cost reduction, making your business run more smoothly. Some of the benefits of the Pal-O-Matic pallet include improved efficiency, saved space and reduced damage.
